Subscribed and sworn to or affirmed before me this 19 day of October, 2026,
by the foregoing members of the Petitioners' Committee.

Notary Public or person authorized to administer oath

THE PEOPLE OF CARSON CITY DO ENACT AS FOLLOWS

Sec. 1. That a new section be added to the Carson City Charter, to read as follows:

Any installment-purchase agreement that obligates the City to pay \$10 million or more in the aggregate over the term of the agreement, and that is not otherwise subject to approval by the voters of Carson City, shall be presented to the voters of Carson City for their approval prior to becoming effective or binding upon the City. No set of related installment-purchase agreements shall be broken up or proposed separately in order to evade the limitations or intent of this section. The Board of Supervisors shall direct the measure to be placed on the next primary or general election ballot, or direct the conduct of a special election, and it shall be accompanied by a clear, concise statement describing the proposed agreement and its cost, without argument or prejudice. The question posed to the voters shall be: "Shall the above-described agreement be approved?"

Sec. 2. Severability. If any part of this Petition be declared invalid, or the application thereof to any person, thing or circumstance is held invalid, such invalidity shall not affect the remaining provisions or application of this Petition which can be given effect without the invalid provision or application, and to this end the provisions of this Petition are declared to be severable. This subsection shall be construed broadly to preserve and effectuate the declared purpose of this Petition.

[REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]

DESCRIPTION OF EFFECT

If enacted, this initiative would add a new section to the Carson City Charter, requiring any installment-purchase agreement that would obligate the City to pay \$10 million or more over the life of the agreement be put before the voters of Carson City for their approval.

Installment-purchase agreements are methods of municipal financing used by cities and counties to acquire capital assets, like real property or equipment. The agreements normally require regular payments by the City over the term of the agreement, at the end of which the City receives lien-free ownership of the property.

If this measure is enacted, the City still may enter into installment-purchase agreements of a total value less than \$10 million, but direct voter approval at a primary, general, or special election would be required if the City proposes agreements costing at or above that threshold in any future installment-purchase agreement. The City also would not be able to avoid voter approval under this initiative by breaking up related agreements into smaller separate agreements costing the City less than \$10 million each.
